

DIGITAL MARKETING SERVICES AGREEMENT

Prepared For: Smart Homes Company

Date: Feb 4, 2026

Project: Smart Homes Marketing Strategy (280 Plots / 256 Updated Units)

Contract Term: 12 Months

1. Executive Summary

This proposal outlines a comprehensive digital marketing strategy for Smart Homes Company to effectively market and sell 256 updated units. We present two distinct strategic options: an **Essential Tier** focused on basic digital presence, and a **Premium Brand Builder Tier** focused on aggressive market penetration, brand equity, and accelerated sales velocity.

While Tier 1 provides a functional baseline, **Tier 2 is strongly recommended** as it is designed to leverage brand identity and trust-building to command higher property prices and reduce sales cycles significantly.

2. Service Packages Overview

TIER 1: ESSENTIAL PACKAGE \$12,000 USD / Year (\$1,000 USD / Month) Focus: Basic digital footprint & lead generation. ▪ Standard Website Maintenance ▪ Basic Social Media (3 platforms) ▪ 120 Social Posts/Year ▪ Basic Content Creation ▪ Monthly Reporting	RECOMMENDED TIER 2: PREMIUM BRAND BUILDER \$24,000 USD / Year (\$2,000 USD / Month) Focus: Brand Identity, Trust Building & Market Domination. ▪ Enhanced Website Infrastructure ▪ Brand Strategy & Identity Development ▪ 250+ Social Posts/Year ▪ Professional Video Production ▪ PR & Quarterly Events ▪ Advanced Analytics & ROI Tracking
--	---

3. Strategic Phasing (Applicable to Both Tiers)

Phase	Timeline	Strategic Objective
1. Awareness	Months 1-4	Establish digital presence, launch website updates, introduce brand to market, and build initial audience on FB, IG, and TikTok.
2. Engagement	Months 5-8	Deepen community connection, showcase property features through content, and build trust through consistency and testimonials.
3. Conversion	Months 9-12	Aggressive lead generation, retargeting warm leads, driving physical site visits, and closing sales.

4. Detailed Budget Breakdown

TIER 1: Essential Package (\$12,000/Year)

Service Component	Annual Budget	Monthly Allocation
Website Development, Maintenance & Audit	\$3,600	\$300
Social Media Management (FB, IG, TikTok)	\$3,600	\$300

Content Creation (Basic Graphics/Copy)	\$2,400	\$200
Paid Advertising Budget	\$1,200	\$100
Tools & Software	\$800	\$67
Reporting & Analytics	\$400	\$33
TOTAL	\$12,000	\$1,000

TIER 2: Premium Brand Builder (\$24,000/Year)

Service Component	Annual Budget	Monthly Allocation
Enhanced Website & Digital Infrastructure	\$6,000	\$500
Premium Content Production (Video/Pro Photo)	\$5,500	\$458
Advanced Social Media Management	\$4,800	\$400
Increased Paid Advertising Budget	\$3,500	\$292
Brand Strategy & Identity Development	\$2,000	\$167
PR & Media Relations	\$1,200	\$100
Events & Experiential Marketing	\$800	\$67
Analytics & Market Research	\$700	\$58
Tools & Premium Software	\$500	\$42
TOTAL	\$24,000	\$2,000

5. ROI Justification: The Case for Tier 2

Why Tier 2 is 4X Better for Only 2X the Cost

The additional investment of \$1,000/month in Tier 2 is not merely an expense; it is a strategic lever to accelerate revenue. By focusing on **Trust** and **Brand Equity**, we move from simply "listing" properties to "marketing a lifestyle," which justifies higher prices and faster decisions.

A. Return on Investment (ROI) Calculation

Assuming an average property value of \$300,000:

- **Tier 1 Cost:** \$12,000/year (0.015% of total inventory value)
- **Tier 2 Cost:** \$24,000/year (0.03% of total inventory value)
- **Cost Difference:** \$12,000

Break-even Analysis: To justify the upgrade to Tier 2, Smart Homes needs to sell only **ONE** additional property that would not have been sold otherwise, or achieve a price increase of just **\$50 per unit** across the inventory.

B. Financial Impact Scenarios

Metric	Tier 1 Projection	Tier 2 Projection	Tier 2 Advantage
Monthly Leads	20 - 30	60 - 100	3-4X Volume
Sales Velocity (Time to Sell Out)	18 - 24 Months	12 - 14 Months	40% Faster Cash Flow
Estimated Extra Revenue	Baseline	+\$3M - \$4.5M	(Based on 10-15 additional sales)
Cost Per Unit (Marketing)	\$46.88	\$93.75	Negligible per unit cost

Conclusion: Generating just 10-15 additional sales due to better branding results in a potential **25,000% to 37,500% ROI** on the additional \$12,000 upgrade investment.

6. Value Proposition

1. Double the Investment, Quadruple the Impact: While the cost doubles from Tier 1 to Tier 2, the lead volume is projected to triple or quadruple due to higher quality content and broader reach.

2. Lasting Brand Equity: Tier 1 focuses on transactions. Tier 2 focuses on building a brand. After the 12-month contract, the brand assets (videos, reputation, PR articles) created in Tier 2 continue to hold value for future

projects.

3. Trust Accelerates Sales: Real estate is a high-trust industry. Tier 2 includes PR and Events—essential tools for building credibility that simple social media posts cannot achieve.

7. Comparison Metrics Table

Metric	Tier 1 (Essential)	Tier 2 (Premium)
Content Volume	~120 posts/year	~250+ posts/year + Video
Website Traffic	Steady growth	Aggressive growth (+200%)
Social Media Reach	Organic + Low Boost	High Reach + Strategic Ad Targeting
Brand Awareness	Local Visibility	Regional Authority
Cost Per Lead (Est.)	\$15 - \$20	\$8 - \$12 (Higher efficiency)
Public Relations	None	Media mentions & Articles

8. Terms and Conditions

- **Payment Terms:** Fees are payable in monthly installments in advance, due on the 1st of each month.
- **Contract Duration:** This agreement is valid for a period of 12 months from the date of signing.
- **Termination:** Either party may terminate this agreement with 30 days written notice, subject to payment of any outstanding deliverables.
- **Intellectual Property:** All content, designs, and assets created during the contract period will become the property of Smart Homes Company upon full payment.
- **Confidentiality:** Both parties agree to keep all proprietary information and business strategies confidential.
